Unless indicated otherwise, all trademarks are the property of Essilor International and/or its subsidiaries in the United States and in other countries. E-SPF is a registered trademark and the 50+ E-SPF design is a trademark of Essilor of America, Inc. E-SPF is a global index developed by Essilor, endorsed by independent third parties, measuring the lens' UV protection excluding direct eye exposure from around the lens. E-SPF of 50+ means the wearer is at least 50 times more protected than without any lens. Glare in photos is simulated. LXPED00113 SHK/GRY 1/13

Xperio UV™
Superior Polarized Sun Lenses

Xperio UV™

Xperio UV™ lenses eliminate 100% of blinding reflective glare and so much more!

Introducing Xperio UV™

The Superior Polarized Sun Lens with a big difference.

All polarized prescription sun lenses are not the same.

For patients who demand the best in all of their equipment, New Xperio UV sun lenses are so superior to other polarized sun lenses that they take outdoor vision protection to a whole new level.

Xperio UV offers high performance in every function, from glare reduction to durability—from superior color, clarity and optics to unparalleled UV protection. New Xperio UV lets you provide your patients with the best vision under the sun.
